Capable Minds	Leaders of curriculum and assessment	Ros, Team ++
Capable Minds	Leading for a staff wide pedagogical approach	Paul B, Liz, Gennaro

***THRIVING HEARTS....***

---

**Moral Purpose  
(Acting with Courage)**

# WHY DID WE CHOOSE THIS PATH?

---

- Moral purpose means one is passionate about improving life.
- Our moral purpose aligns with Catholic Social Teachings.
- An understanding that moral purpose is a requirement of all leaders; this is played out in the courageous decisions we make on a regular basis.

# ACTIONS WE WISH TO PURSUE?

---

- **Relational** (connect with others; be understanding)
- **Relentless** (continuing to pursue the common good)
- **Vision and Ambition** (thinking strategically)
- **Communication** (keep your word, follow up)
- **Accountable** (responsible for actions and take on board the learning from experiences)
- **Social Intelligence** (aware of own emotions and of others too)

# **LEADING WITH MORAL PURPOSE REQUIRES COURAGE**

---

# WHAT DO WE NEED TO BRING THE ACTIONS TO LIFE?

---

- Work to our strengths
- Learn from mistakes and focus on those areas where there is room for development
- Develop a network (trusted colleagues, including in other schools/settings)
- Willing to forgive
- Find a mentor who will not only listen and assist you in the difficult moments, but who will also challenge, and support you (to achieve your goals)
